School Lunches

Wed & Thur

7 & 8 Sep

14 & 15 July

21 & 22 July

28 & 29 July

K440pm

Outdoor Education Area

Construction has officially begun on the Outdoor Ed. Area!
The paths have been cleared and filled with crusher dust.

The next step involves building and assembling the 18 different activity stations.
Watch this space!

Eco Club Verandah

During the holidays, Mrs. Fourie turned her outdoor verandah into a bright and colourful, educational mural.

Staff INSET

We combined with TPS staff for a day of active learning and staff development.
We took part in workshops for Maths, English and Science.

Pre-Nursery & Nursery

In Assembly, we shared that “I am proud of our school because” :

We love each other.

We have a map that shows
where we come from.

We have a lot of books
in the library.

7 I can bring dinosaurs to
show my friends.

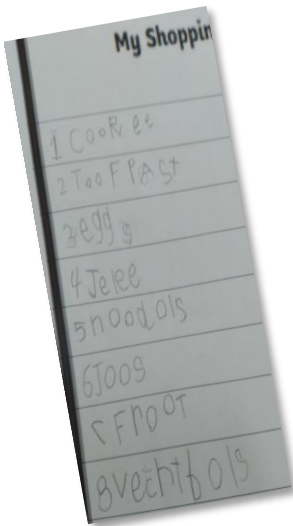

I eat healthy foods.

When I am good, I
can buy Dojo toys.

Reception

We started our "Shopping" project!

We read a "Shopping" book by ourselves, wrote about a lady working in a shop, made our own supermarket and clothing shop, organised the products in different sections, mounted the wheels on our shopping trolleys, made shopping lists, and learned to add coins.

Year 1 & 2

We began the term with much activity and excitement.

We have been exploring weights and learning to code with Lego.

We have been working individually and in groups.

Year 3 & 4

We learned about hazardous weather conditions and the heat of the sun.

We used magnifying glasses to see how hot the sun is through the glass.

We are learning about states of matter and melting points.

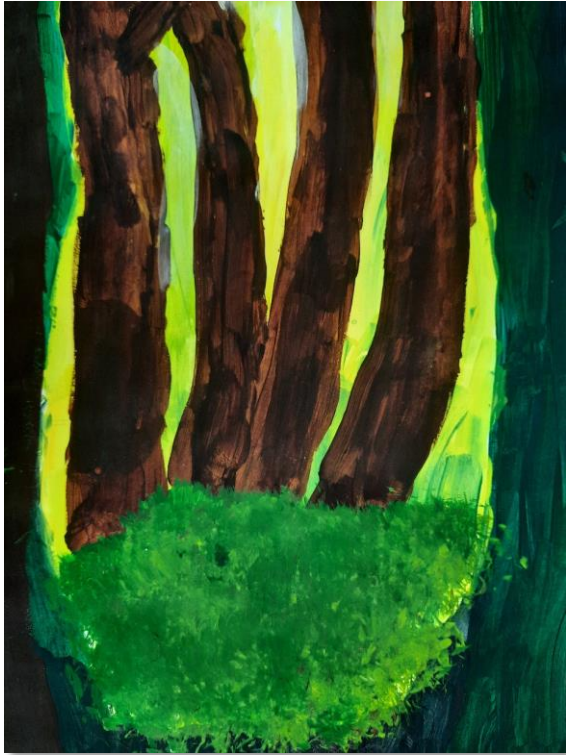

Year 5 & 6

In Maths, we constructed our own 3D shapes to show their properties: vertices, edges and faces.

Art & Music

In Art, we were learning to use mixed media and mixed techniques.

Physical Education

This week, we worked on our swimming skills and lap times.

We took part in agility and coordination skill training.
